Profile

Motivated and detail-oriented graduate with a strong foundation in Data Analytics through hands-on coursework and projects. Seeking an entry-level data analyst position to leverage analytical, technical, and problem-solving skills in delivering actionable business insights.

Projects

E-commerce Sales & Business Performance Analysis | Excel, SQL, Power BI

- Cleaned and transformed e-commerce sales data using Excel to improve data quality and prepare it for analysis.
- SQL queries, JOINs, and aggregate functions to analyze sales trends, product performance, regional revenue, and profitability.
- Developed an interactive Power BI dashboard using DAX measures and KPIs to track revenue, profit, and monthly sales performance.

Bank Loan Risk & Performance Analysis | Excel, SQL, Power BI

- Cleaned and organized loan application data using Excel to prepare it for accurate analysis.
- Used SQL queries, JOINs, and aggregate functions to analyze loan approvals, repayment status, default rates, and borrower profiles.
- Created an interactive Power BI dashboard to track loan performance, identify high-risk borrower segments, and monitor key financial KPIs.

Film Rental Data Analytics using SQL

- Analyzed Sakila Film Rental database for customer behaviour and trends
- Wrote SQL queries to calculate revenue, identify top films, and present actionable insights
- Presented findings to support business decisions.

Technical Skills

SQL: Data querying, joins, subqueries, aggregations

Power BI: Data modeling, dashboard creation, DAX basics, interactive reports

Programming Languages: Python (Pandas, NumPy)

Excel/Advanced Excel: Pivot tables, charts, VLOOKUP, IF, SUMIFS formulas, data cleaning

Data Visualization:KPIs, dashboard/report design, trend analysis
Soft Skills: Communication, Teamwork, Adaptability, Logical thinking

Methodologies: Basic understanding of Agile teamwork

Education

Mary Matha College Of Arts and Science — **Completed on 2025**
Computer Science (GPA: 7 / 10) — Theni, TamilNadu

Certification

- Java Full Stack Developer — IIT NASSCOM Certificates - 2026
- AWS Cloud Computing Training — Besant Technologies, Chennai - 2026
- Data Analyst — Besant Technologies, Chennai -2026

Technologies

Languages: Java,Python, JavaScript, HTML, CSS
Frameworks: React.js , Spring Boot,DotNet
Database: MySQL
Tools: Git, GitHub, Postman, Maven ,Microsoft Excel
Cloud and Operating System: AWS and Red Hat Linux
